

Class:: 11 ICT	Topic: FLASH	Date:
Lesson Teacher: JOHNATHAN H.		Lesson Observer:
1 LOCATION IN UNIT: • Lead in info for next term's work		
2 FOCUS OF LESSON: - Write on board - good technique • Flash resource sites - Google search → Web design • Effective presentation • Enhancement phase showed excellent engagement. • Got all students involved in discussion.		
3 LESSON STRUCTURE: • Effective scope & sequence, from definitions to history • Examples sound interesting & "fun" - students enjoyed this (me too!)		
4 TEACHING STRATEGIES AND LEARNING EXPERIENCES: • Interesting, held students attention, they were engaged • Perhaps bring in some more higher order thinking & link this to the worksheet.		
5 CLASSROOM ORGANISATION AND MANAGEMENT • Pleasant style, easy rapport with students • No behavioural problems with this class.		
6 CATERING FOR INDIVIDUAL NEEDS/INTERESTS/ABILITIES • Yes, students are all working at different & varied levels & will be for this unit, leading into next term.		
Observer's Signature		

Johnathon, No worries!
 You could be a "real" teacher now, from my observations. Good job.
